Training Activities

2020 Together for the Environment. Attracting Younger Generation to Engage with Climate Justice, Professional webinar for 30 educators of the Trentino Region (Italy). The digital tools, the interactive mapping exercise and the geo-archive, were translated into resources for educators to bring climate migration into the classroom, including teaching materials for introducing young students to this emerging field of study. The resources are now available for 500 teachers involved in the project. The webinar featured stories from my fieldwork in the Small Pacific Islands States. The training is a collaboration between ACCRI association and my research team within the framework of the project “*Insieme per l’Ambiente. Sensibilizziamo le giovani generazioni sulla giustizia climatica*” funded by the Italian Ministry of Labour and Social Policies (<http://www.accri.it/insieme-per-lambiente/>).

2018 Loss, Damage and Mobility in the Context of Climate Change, Interdisciplinary Training in Environmental Humanities for young scholars and policy-makers, co-organized with the KTH Environmental Humanities Laboratory Stockholm, University of Naples and the Municipality of Naples.

2018 Training activities organized for around 80 local authorities on Migration and Climate Change: The Role of Local Authorities at the National, European and International level held in four Italian regions (Calabria, Trentino Alto Adige, Sardinia, and Piedmont, Italy).
